The Art of Home by Shea McGee

Published by Harper Horizon, 28th September £22.99 hbk

The long-awaited design book from the *New York Times* bestselling author and host of the Emmy-nominated Netflix's series *Dream Home Makeover*, [Shea McGee](#) releases her debut design book this autumn. It beautifully showcases all that is possible for every room of your home.

Whether it's through her thriving design business, Studio McGee, her popular Netflix series, *Dream Home Makeover*, or her online community of over five million followers, Shea McGee has shown the world how the principles of high-end design can be applied to any home. As the title of her new book suggests, designing rooms for maximum impact while also remaining approachable to any who enter is an art. But it's also a skill that can be learned because it's inside each one of us.

In **The Art of Home**, Shea takes us through every room of the house, starting with an explanation of process and then guiding the way to a cohesive design for hallways, living rooms, kitchens, offices, kids' rooms, and utility rooms. With step-by-step guides paired with her own design projects and the power of her personal stories, Shea helps us transform the most important parts of our lives and how we live.

Her new book, **The Art of Home**, is as functional as it is inspirational with 400 pages of stunning photography and useful style guides for every room. She shares her expertise on upholstery fabrics; paring seating styles; pattern mixing; pillow styling; rug placement; mixing metals; countertops; kitchen styling; coffee table styling; bed styling; shelf styling; lighting heights; hanging artwork; paint colours; and upholstery fabrics.

Shea teaches us to dream and then shows us how to make it reality.

Shea McGee is a designer, entrepreneur, and mother of three girls. Shea founded her design firm, Studio McGee, with her husband Syd in 2014 and together with their team, she has designed hundreds of homes across the country. As their design portfolio and following grew, it paved the way for the launch of their e-commerce brand, McGee & Co., two years later. Their popular Netflix series, *Dream Home Makeover*, is in its fourth season. With a vision that beautiful design can be approachable, they have become one of the leading innovators in the interior design industry. Their firm has become a premiere online retail destination and continues to share their light-filled aesthetic with millions. She lives in Utah with her husband Syd, and their children Wren, Ivy, and Margot. <https://studio-mcgee.com/the-art-of-home/>
